PROFESSIONAL EXPERIENCE

Product Designer | UX Designer | Apple Developer Academy *Detroit, MI | 2025–2026*

Collaborated with multidisciplinary teams to design mobile applications from concept through prototype using Human-Centered Design principles.

- Conducted user interviews and usability testing; synthesized research into actionable design decisions.
- Created user personas, user flows, wireframes, and high-fidelity interactive prototypes using Apple's HIG.
- Partnered with developers to ensure accurate implementation of product designs.
- Presented design concepts to Apple representatives, stakeholders, and community leaders; contributed to Agile ceremonies including critiques and sprint planning.

Product Design Projects

Memory Bloom | *Lead Product Designer*

Mobile app supporting women experiencing perimenopause through task management, memory support, and wellness tracking.

- Led UX research, competitive analysis, user interviews, and usability testing.
- Created user flows, wireframes, and high-fidelity prototypes; simplified navigation by consolidating features into a more intuitive experience.
- Collaborated with developers on implementation-ready designs; presented at Apple Developer Academy Demo Day.

Detroitology | *UX Designer*

Interactive Detroit-themed educational game combining trivia and exploration.

- Conducted survey research with 50+ participants and applied findings to improve gameplay difficulty and navigation; developed branding, visual identity, icons, and engaging user flows.

WeColor | *UX Designer*

Empathy-focused application encouraging creativity and emotional wellness.

- Conducted empathy interviews and designed calming experiences for neurodivergent users; developed wireframes and produced developer-ready high-fidelity designs.

Freelance Product Designer & UX Consultant | **Tru Blueprint Studio** *2025–Present*

Partner with entrepreneurs and small businesses to design websites and digital experiences that improve usability, branding, and customer engagement.

- We Change Community: Redesigned site IA and homepage hierarchy; improved mobile usability; worked directly with executive leadership to translate strategy into digital experience.
- Studio Fringe Salon: Designed responsive Squarespace site with improved navigation and Boulevard booking integration.
- Purposed by God: Designed Shopify e-commerce experience, organizing collections and improving product presentation.

Catering Specialist | **Aramark** *2024–Present*

- Coordinate logistics for large-scale events; collaborate across teams in fast-paced environments while resolving customer issues and meeting strict deadlines.

Executive Assistant | **Najee Construction Company** *2023–2024*

- Managed executive scheduling, communications, and cross-functional projects; improved operational workflows and reduced outstanding receivables through better tracking.
